# BROADCAST 1983

Franklin High School revealed a wide variety of talent in the 1983 Broadcast. The theme was "Broadcast Goes To Vaudeville," and the emcees were Derek Stewart, Lynn Shingledecker, Missy Burchfield, and Rob Mays. Directors for the show were Edwin W. Frye and Roland F. Davis.

# PROM 1983

Members of the court were Barb Wagner, Terry Cornelius, Janie Jordan, Dan Johnson, Queen Chris Beach, Craig Kirwin, Nancy Ricalton, Bob Emerson, Paula Horton, Jeff Bruton, Missy Burgard, and Chuck Curtis.

An "Evening Under the Stars" was the theme of the 1983 Junior-Senior Prom. The Junior class outdid themselves with their elaborate decorations, and the evening was highlighted by the crowning of the Prom Queen, Chris Beach.

Homecoming weekend began early Friday evening with a spirited pep rally and bonfire in the park sponsored by the cheerleaders. The annual Homecoming parade through downtown was held Saturday morning followed by the football game against our bitter river rat rivals, Oil City. During the half-time ceremonies, the crowd met the Homecoming court and saw the crowning of this year's queen Michelle Sherman escorted by Chris Hanna. Those in her court were Jennifer Bass, Willy White, Jamie Megeath, Tom Bak, Maja Weber, Randy Burton, Angela Bastidas, Rod Capozzi, Lisa Allen, Chris Trentini, Kim Kockler, Scott Heightol, Tracy Weber, and Ken Hreha along with flower girl Keeley Hancox and ring bearer Rand Kirtland. Our Knights were victorious with a win of 10 to 3. That evening the Homecoming Dance concluded the weekend festivities.

# DAYS OF THE KNIGHTS

This is the 70th issue of the Franklin High School yearbook. Over the years the name has changed from the Omnibus, to the Echo, and to the present **Franklinite**. Not only has the name varied, but the contents have also diversified.

Under the supervision of Ida Cardamone and Margaret Feldman in 1963, many improvements were made to the book. The addition of color and the use of matte paper were the most important changes. In an attempt to create more space, the senior index was placed at the end of the book instead of under the pictures, and the class will was discontinued. The increased space produced by these changes provided for more copy and candid photos in the larger book. The spring supplement, or pamphlet of spring activities and sports, was added. This supplement was included in the price of the yearbook, but was designed by the staff after the spring activities were completed.

Taking over supervision in 1975, Mike Eichholtz helped to improve the book once again. More candid photos and color photos were added, along with collage pages. Also, during this time, the supplement was discontinued and the spring activities were placed in the book the following year. Throughout, the book was more symmetric and artistic once these improvements were made.

At the present time, the yearbook is being supervised by Carol Orr. The color pages have been doubled from eight to sixteen, more copy has been added, and this year the cover design was created by our own staff artist.

The yearbook supervisor has a big job with a lot of responsibility. The feeling of the supervisor can possibly be understood by a statement made by Mike Eichholtz. He said, "Although frustrating at times, having the yearbook was an educational, rewarding, experience because you are able to see the fruits of your labor."

*You could always  
make me enough, there  
isn't any with there  
to the point last year  
I'm sure you will  
lance.*

In 1954, the student body, the athletes, and coaches of Franklin High School decided it was time to choose a new mascot. From 1903 to 1954, we were known as the Nursery of Great Men. This name was chosen with good intention, because many of our athletes excelled in post-high school sports and became "Great Men," but the result of the name was another story. Opposing teams shortened the name to simply "Nursery", which suggested children who were easily defeated. F.H.S. became infamous because of this unique name.

In 1954, the Student Council, with the aid of Coach Bob Flath, held a contest in which all students voted on their favorite mascot. The choices were narrowed down to three: Knights, Lions, and Falcons. A second voting was held and, of course, the Knight was chosen as our mascot. Thus, the Nursery grew into the mighty Knights that we are today.

KNIGHTS

The world knows no finer  
(Old German Proverb)

Kiss today good bye  
the sweetness and the sorrow  
Wish me luck the same to you . . .

Kiss today good bye  
and point me toward tomorrow  
Won't forget, can't regret  
what we did

(from A Chorus Line)

All you need in life is ignorance and confidence,  
then success is sure  
(Twain)

Somewhere I shall wake and make new friends, new  
strangers  
But the best I've known stays here

(Shakespeare)

Looking back  
In future years  
Seeing joyous expressions  
Then parting tears,  
Love and kindness  
Friends so dear  
These are the images  
Of this year

Never look behind you. Some-  
thing may be gaining on you  
(Page)

You can do very little with faith, but you  
can do nothing without it.

(Butler)

Apparently there is nothing that cannot happen  
(Twain)

We should all be concerned about the future  
because we will have to spend the rest of our  
lives there

Kettnering)

How swiftly time flies by  
It's here only to flash right by us

Live now  
Because it will soon be gone

Grasp each moment and live it to the fullest extent,  
For soon it fades into only a memory  
Which in time is all that bridges the past and the future

The time has come  
for me to move on  
but in my mind those "special times"  
live on and on  
The memories of good times  
that flew by have brought me  
happiness  
but I'll never forget

I had a dream about reality. It was such a relief to  
wake up

(Leo)

Tomorrow is another day  
With all its surprise awaiting  
And sometimes not even our wildest dreams  
Will tell us what tomorrow's creating

(Angeli)

Today is one day short of the future, one day away from the  
past, and is the best day we have.

Time it was and what a time it was  
It was a time of innocence  
A time of confidences  
Long ago it must be  
I have a photograph  
Preserve your memory  
That's all that's left me  
(Simon & Garfunkel)

Here's to the songs we used to sing and here's to the  
times we used to know. It's hard to hold them in our  
arms again, and it's hard to let them go.

# SENIOR CLASS 1984

On behalf of the Senior Class of 1984, I would like to give special thanks to Mr. Harry Miller and Mr. Peter Greene for their guidance our Junior and Senior years. With their help we had a very successful magazine sale and an "Evening Under the Stars" to remember. Our appreciation is also extended to them for their assistance to our class through graduation day and other senior activities.

After graduation, and as we go our separate ways, I hope every senior remembers Franklin High School and the memories we had here. There have been so many good times — football, basketball, wrestling, plays, Broadcasts, dances . . . There have also been the rough times — the big exams, disagreements with friends, and the end of the beginning of our life.

As we leave Franklin High, I wish the best of luck to each and every class member and hope to see everyone at our first class reunion.

These 1984 Franklin High School seniors ranked among the top 50,000 of over one million students who entered the 1982 Merit Program: Michelle Adams, Rusty Const, Michelle Delgiannis, Daniel Kovacs, Lisa Shaw and Matt Sibley. They are commended students for their 1982 PSAT/NMSQT scores, and Dan Kovacs was also named as a semi-finalist with a score in the top one-third of the 50,000 high scorers. Our school and faculty have reason to be proud of these six students for making this year the most successful in Franklin's history.

# 1984 EXCHANGE STUDENTS

Angela Bastidas

Angela Bastidas, from Pasto, Colombia, has found that the American way of life is very different from her native Colombian culture. "Everything is different here," she says, placing strong emphasis on the word everything. Angela is living with Denise and Dwayne Burk and their family in Clintonville. Her home town of Pasto has a population of 300,000 and it has been a great adjustment for her to live in a small town. Earlier in the year, Angela went on a camping trip to Marionville. She enjoyed it very much, as she had an opportunity to be with other exchange students from all over the world. Angela would like to visit New York City in the spring.

Anders Lassen is from Esbjerg, Denmark. He is being sponsored by the Rotary Club and is living with Paula M. Knaack and her family. Anders, like Maja, has traveled throughout much of Europe and would like to visit some nearby states in the spring. Commenting on our school, he says, "We have more responsibility for our own work in Denmark." Anders has found that our school is easier in comparison to his and is doing very well here. He is surprised at how close American families are and how much they go to church. Anders has adjusted well to living in the United States and enjoys living with the McKasicks.

Anders Lassen

Maja Weber

Maja Weber, from Hamburg, Germany, is living with Kristi Yeager and her family. She has decided that she really enjoys living in her new home. "It's so much fun living there," she says. Maja has two German sisters and one American sister. Her new family is very pleasing to her. Maja has visited many countries in Europe and would like to visit Florida in the spring while still in the States. Hamburg, being the capital city of Germany, has a much larger population than Franklin. Maja has also faced the same problems Angela has faced adjusting to the small town. Maja is a very pleasant and outgoing person who enjoys being with people.

## Class Advisors' Letter

Shawn BMA  
85/10/15

It has been a privilege and a pleasure to serve as advisors for this spirited group of individuals. The class of '84 has a long list of accomplishments that have enriched the life of our school. These accomplishments are a credit to each person who helped achieve them.

You leave FHS in difficult times, but these are also times of exciting change. Many of you will face struggles with apparently enormous obstacles. Jobs may be hard to find; your goals may be difficult to reach. Friendships will be lost over time and distance. Keep love and respect for yourself and the others. We wish you the best of luck. When you've made your success, we will be proud to say we knew you when.

The FHS Student Council has been more active in our school for the last two years. This was due to more cooperative advisors, energetic officers, and, most of all, spirited and hard working members.

The student council sponsored the Homecoming Dance, student dances, and pep rallies this year. Some new Christmas projects taken on by the council included a very successful candy cane sale; donation of toys to the needy children, and decorating the halls, faculty lounge and the Christmas trees in the courtyard. Other projects were music in the cafeteria, announcements read over the loudspeaker, Spirit Week, and a Kiss the Pig contest.

The activities planned by the student council have added to the spirit of our school, and we thank them for their efforts on behalf of the student body.

Christmas time at Franklin High School was celebrated in a variety of different ways. The Student Council held a Christmas tree competition, and each class decorated a tree. The teachers voted for the best tree, and the senior class won the competition. Their prize was admission for all seniors to one dance at half price.

The highlight of Christmas time at F.H.S. was the Christmas Dance sponsored by the sophomore class.

The decorations were elaborate, and Terry Grimes was crowned Christmas Queen of 1983. The evening was completed with dancing and a visit from Santa and Mrs. Claus.

# Vo-Tech

The Venango County Area Vocational-Technical School was established in 1968 with the following school districts participating: Cranberry, Forest County, Franklin, Oil City, Titusville, Valley Grove, and Venango Christian High School. There were 59 students from Franklin High School attending during the 1983-1984 school year. Among the many areas offered at Vo-Tech, the most popular are Food Preparation and Cosmetology. All students who wish to attend Vo-Tech must fill out an application. Their application, grades, and absences are received before admission is offered to the school. If a student's grades and academic work are acceptable, and a job is available, the student may work outside the school and still receive credit for his school work.

American students read only what they must to pass, or what the professors chose. Otherwise they are totally dedicated to television, to baseball and to football.

Football plays are like accounting problems. They baffle you at first, but once you've learned the system, they're easy.

(Jones)

You can intimidate an opponent, disrupt his equanimity, destroy his confidence, shatter his nerves, and make him fly into a blind rage by the way you keep score.

(Lardner)

Football isn't a matter of life and death — it's more important than that.

Football — a sport that bears the same relation to education that bullfighting does to agriculture.

(Hubbard)

Be bold. If you're going to make an error, make a doozy, and don't be afraid to hit the ball.

(King)

What else is there to life but golf and girls?

(Colbert)

Golf is a good walk spoiled.

(Twain)

The baseball mind is a jewel — a stone of special beauty, rare value, and extreme hardness. It resists change as a diamond resists erosion.

(Smith)

If you come here thinking you are the big I AM, you learn fast there is no big I AM. You have to grow with success, not swell with it.

(Temple)

The race is not always to the swift, but to those who keep running.

The art of living is like wrestling.

(Aristophanes)

The quality of our expectations determines the quality of our actions.

(Goethe)

Women are carrying a new attitude. They've cast aside the old stereotypes, they don't believe you have to be ugly or have big muscles to play sports.

(Johnson)

'The game,' said he, 'is never lost till won.'

(Crabbe)

Have you ever reached as far as you thought you could, been really satisfied and found out it wasn't enough?

(Sperry)

Who can think and hit at the same time?

(Yogi Berra)

Losses are always a relief. They take a great burden off me, make me feel more normal. If I win several tournaments in a row, I get so confident I'm in a cloud. A loss gets me eager again.

(Everett)

A successful coach is one who is still coaching.

The need for exercise is a modern superstition, invented by people who ate too much, and had nothing to think about.

(Santayana)

 worth knowing can be taught

Wilde

Teaching as a job does not require anything. If it is to  
 be a profession, practiced with dedication, it requires  
 characteristics few possess. Its rewards are not measured

Franklin High School had a new addition to the curriculum this year. Computer classes were offered as a nine-week course to any student who had a study hall during the year. The classes ranged from Basic Programming to Advanced Computers. The purchase of the computers was made possible through grants and funding from the federal government. Our school is equipped with fifteen computer stations and two disk-drive host stations.

During the first two periods of the day, Middle School had use of the computer room. All eighth grade students were required to take the class for a six-week period, and there were twenty to twenty-five students per class. Mr. Amon and Mr. Morford were the instructors for this course.

The high school used the computer room from the third period to seventh period, and the teachers were Mr. Kolojechic, Mr. Proper, and Mr. Ungren. The classes were for beginning, intermediate, and advanced computer students who worked at their own pace.

In the future our school hopes to expand the computer program to accommodate all qualified students who are interested in this field.

Congratulations to the  
Class of '84

See,  
 to a nice  
 friend of mine that  
 I've known for a long  
 time. Hope you succeed  
 in everything you do  
 & that line is what happened  
 when we hit a bump. Since you  
 made more sign this ~~egg~~ will  
 on the bus. I'll see at the dairy I'll  
 now, do all you later. Your friend,  
 Mary J. Craig.

well just think  
 you only have 1 year  
 left. The bus has  
 been fun. Don't forget  
 to come down to my  
 house sometime this  
 summer, to see such  
 with Vance. Have a fun  
 summer.

Later  
 Karen B.

long time good  
 known for a  
 girl + me + I've  
 Party! Hardly!!  
 luck in the future and  
 Bob D.

See.  
 girl is a real nice  
 time ago, not some  
 grad summer have a  
 I'll see ya next  
 year.
